Dear Parent/ Carer,

Re: Mathematics Bletchley Park Trip – February 2020

The Mathematics Faculty is organising a trip for 60 year 7 students to Bletchley Park in Milton Keynes on 14 February 2020. The aim of the trip is mathematically, culturally and socially enriching and is an excellent opportunity for the students.

Students will be taking part in several activities such as an organized group event, where they will experience how code breaking was used in the Second World War. They will be given an hour long guided tour in which they get to explore the top-secret home of the codebreakers in World War 2. Students will have the chance to uncover some of the more discreet and not so discreet Mathematics skills involved in these activities. This is a truly exceptional opportunity for our students to get involved in and has been proven to improve their ability to problem solve, develop independent and group thinking skills and build confidence when taking on new tasks.

The total cost of the trip is **£28**. We will be accepting payment for the trip from 17th December 2019 via WisePay. The final deadline for all payments is January 14th 2020. Space is limited so it will be allocated on a first come first served basis.

Please ensure that your child has spending money for lunch and snacks and/or souvenirs.

The coach will depart from school at 8:00am and will return by 5:30pm. Please ensure you make your usual arrangements for collection at the end of the school day.

Enclosed in this letter is a full list of what your child needs to bring with them and a medical consent form that needs to be completed. The consent form needs to be completed and returned to school reception by January 14th 2020.

Without the consent form your child will not be allowed to leave on the trip. Please note that all places on trips are subject to continued good behaviour and regular attendance.

Additionally, the signed permission slip from yourself agreed that the school reserves the right to send your child home at your expense if your child jeopardizes their own safety, the safety of others or the good name of the School.

If you have any queries please contact **0121 464 4040**.

Yours faithfully,

O. Graham
