NEWSLETTER

July 2018

Headteacher's Message

As we make progress into the final half term of the year, we are proud to release a bumper edition of our newsletter to bring all parents up to speed with everything 'DEC'! Year 11 have sat their last examination, our hugely expanded 6th form launch is imminent and pupils have completed their end of year examinations. An exciting and challenging time for all – the excellent teaching paired with the amazing resilience and dedication of pupils will, I'm sure, see another record year for results and rates of progress at Dame Elizabeth Cadbury.

As well as our continuing school improvement journey, I'm sure you will have heard about the exciting investments and development works that are now beginning at Dame Elizabeth as we improve the quality and range of facilities for pupils to enjoy. It is our belief that pupils deserve to have the very best provision available, whether that is state of the art ICT facilities, refurbished classrooms or investment in resources to support lessons – a great environment supports great learning.

We are delighted to share with you our plans for the brand new toilets, for which work has now begun. Pupils have been involved, through student council, in the design and planning for our new toilets. The pupils were promised toilets akin to those in John Lewis and I'm sure you will agree, the plans above really do show a transformed set of facilities for pupils to use from September 2018.

As always, we thank you all for your continued support and encouragement of our work to ensure our young people get the very best education and outcomes as we support their development from children into adults. We are extremely proud of our pupils, as we're sure you are too as their parents/ carers.

Mr Dunn
Headteacher

Friday Night was Prom Night

Awesome Year 11 Leavers

Wow! What a fantastic end to the year. We are immensely proud of our Year 11 pupils who have now completed their GCSEs! In total there were 48 different exams, with individual pupils sitting as many as 16! Pupils and staff had worked tirelessly throughout the year with intervention sessions taking place before and after school and even during the school holidays. A tremendous amount of hard work has gone into the exam season from all of the pupils and staff here at Dame Elizabeth Cadbury and we are confident of yet another superb set of results.

During the final few weeks of school it was only right and proper that we celebrated the efforts of the pupils and we did this through our Year 11 Leavers Assembly. This was very well attended by pupils and their parents and awards were given out to pupils for their outstanding achievements across all subjects. A video montage showing how pupils have changed during their 5 years at Dame Elizabeth Cadbury School brought numerous "aaahs" and giggles from the audience. Pupils' talents were also shared, for example the final GCSE Artwork was shown which had been on display at the South Network Art Show previously. Two of our pupils demonstrated their amazing musical talents – Chloe Adams beautifully sang 'The Call' and Andrew Long performed a Hendrix inspired piece on the electric guitar. Special awards and thanks were given to Ole Gray and Chelsea Brookes, our Head Boy and Head Girl, for the role they have played in helping the school to run smoothly. They really do make a huge difference and are great role models for younger pupils to look up to. The overall Student of the Year Award was given to Amy Hampton for her continual drive for self-improvement and her clear desire to achieve as highly as she can. We are sure that Amy will continue to excel as she enters our expanding Sixth Form.

The highlight of the year for many Year 11 pupils has to be prom. This year it was held at the Abbey Park Golf and Country club in Redditch. Pupils arrived in fantastic vehicles including a Bentley, a Ferrari, and a Lamborghini; but my personal favourite was the beautiful 1930s Rolls Royce. The gentlemen arrived in their finest suits. The ladies all looked stunning in dresses inspired by the 1920s, 1960s and some in classic Disney Princess ball gowns. Pupils danced late into the night, with at least one rendition of 'It's Coming Home' on the playlist. Academy Photography were present to take individual and group pictures and a photo booth was available for the pupils to have more informal pictures.

So with the expanding Sixth Form, it gives me great pleasure to know that this is not the end of pupils' time with us and I look forward to seeing many of you returning in September!

Results Day – 23rd August

Pupils can come in from 9.30am to collect their results and register for their Sixth Form courses.

Mr Wright

Assistant Headteacher

SEND

Thank you to all those parents who joined me, Mr Dunn and other members of staff in the Library on the 6th June for the third Coffee Morning of this academic year.

Mr Dunn was able to update us on The Believe Centre, which now heralds the return of Mrs Buck and the addition of Ms Morris. As from September, it will be housed in the caretaker's house at the back of the Sports Hall.

The parents there were able to give us really useful feedback on how well they feel we are meeting the needs of their children and also how accessible our website is.

I was pleased to announce that in response to a need demonstrated by parents, we held an Anxiety Management Workshop on 21st June at 4 – 5.30pm. This was for parents to learn more about managing their child's anxiety. It was run by Baljit Nhal, our Mental Health Practitioner.

Mr Dunn also informed everyone that a new Assistant Head, Mr Rackham, will be joining Dame Elizabeth Cadbury School in September as a full time member of staff with the Strategic Responsibility for all Additional Needs. I, sadly, will be leaving, so I would like to thank you all for your warm welcome and support throughout my stay here. Dame Elizabeth is a wonderful place to work because the staff here are so committed and talented, but mainly because we have great pupils who deserve the very best, and I am sure Mr Rackham is.

I wish you all a very happy future and every success for you and your children.

Ms Scott

Assistant Headteacher

6th Form

Congratulations to all our 6th Form students on another incredibly successful year. Well done to Year 13 students with completing your A-Level and BTEC qualifications, we look forward to celebrating with you at our end of Year 13 Meal.

In addition, well done to Year 12 students for all your hard work and effort and look forward to seeing you in September to complete your qualifications and start your UCAS applications.

Our 6th Form is expanding considerably from September, we look forward to welcoming a record number of new Year 12 students taking part in a new suite of A-Level and BTEC qualifications. These qualifications include:

A-Level

- Mathematics
- Physics
- Chemistry
- English Literature
- Psychology
- History
- Product Design
- Sociology

BTEC Level 3

- Business
- Creative Digital Media Production
- Sport
- Health & Social Care

Well done to our Y11 students with all their hard work for their GCSE's this year and we look forward to seeing you all on Results Day, where we will be able to help you with your enrolment into our 6th Form!

Mr Hanson and Mr Whittingham

Joint Heads of 6th Form, ICT and Media

Mathematics

Lola takes the gold!

On Friday 20th April 2018, four of DEC's most outstanding mathematicians took part in the UKMT Maths Team Challenge Regional Finals at Earl Mortimer College in Leominster.

The Dame Elizabeth Cadbury team comprised of Lola Miles 8DM1, Joy Lee 8EX2, Nathaniel Pinkstone 9EX2 and Sarthak Singh 9YK1. The success of this team depended on them working well as a team, as well as applying their mathematical skills to a range of different problems.

When they arrived, their first challenge was the group round. This is where they had ten maths questions to answer as a team. The team did very well in this challenge.

The second round required the team to split into pairs to do the cross-number. One pair had to complete the downs in the cross-number and the other complete across.

After lunch it was the shuttle round. This was a difficult round as one pair's answer led on to the other's so if it was wrong, the rest of the questions would be answered wrong too.

The final round involved all the teams splitting into pairs again for the relay. This was an exciting round as when one pair answered questions, the other pair had to run across the room to collect their question. It was a quick round and the questions kept on coming!

At the end of this round the team had a tense wait for the results and were delighted to find out that they came fourth out of 19 teams. A brilliant achievement!

The following week, on Thursday 26th April, 50 of DEC's most promising mathematicians also competed in the UKMT Junior Mathematical Challenge, an individual challenge this time. The challenge involved answering 25 multiple choice questions in one hour and is sat in school under normal exam conditions.

Over 250,000 pupils across the UK competed in the challenge with roughly the top performing 6% receiving a gold certificate, the next 13% silver and the next 21% bronze.

A huge well done to all of the pupils involved. They worked incredibly hard for the whole hour on some very complex questions, which really tested their problem solving abilities.

This year's results represent a magnificent achievement with many DEC pupils being awarded certificates.

Our top performers this year are summarised below and pupils will be receiving their awards in house assemblies very soon.

Gold Award	Silver Award	Bronze Award
Lola Miles 8DM1	Keane Williams 8DM1 Elisha Jones 8DM2 David Lam 8DM1 Katy Smith 7YK1 Joe Sullivan 7YK1	Hyun Min Goh 8EX1 Joy Lee 8EX2 Marcel Brown 8DM2 Madeline Dahsulja-Clayton 8DM2 Demi-Lee Booth 8DM2 James Kowal 8DM1 Rhiannon Newbold 8DM1 Dastan Sardar 7EX2 Theo Hobley 7YK1 Raul Iosif 7YK1 Eddie Brown 7YK1 Hollie Johnson 7YK1 Ruby Branson 7YK1

English

Something Wicked This Way Comes...

On Thursday 26th April, Year 10 English were treated to a live broadcast from the Royal Shakespeare Company. This well-known and well-studied play, was brought to life by award winning actors, Christopher Eccleston and Niamh Cusack.

The contemporary production of Shakespeare's darkest psychological thriller started with a live introduction from behind the scenes and included activities for students to help them engage with the production and get the most from the experience. This included opportunities for students to email and tweet questions and get insight that will be invaluable in understanding characters and wider issues ready for their GCSEs. There were two intervals in which students were encouraged to get in touch and question parts of the production they had seen. Dame Elizabeth Cadbury was one of hundreds of school that took part on the day, and it was great to see different responses coming from all around the country, and share interpretations of the text.

The production itself was dark and delightful, with the theme of time being emphasised throughout; depicting clearly Macbeth's fatal countdown. Similarly, students also enjoyed the Porter's death tally, which marked each of Macbeth's bloody moments. Students had mixed feelings on the Witches, who were played by children- some found them terrifying, while others felt they weren't scary enough! However, there was full agreement on the excellent portrayal of the two lead roles.

It was great to see so many of our students understand and enjoy Shakespeare, and have real opinions on the production and interpretation of the characters. Hopefully the images and feelings experienced from live theatre will stay with students and help them to further develop their own perspectives on Macbeth as their GCSE continues.

Mrs Atton
Head of English

Science

What's new in DEC Science this year?

This year has seen a number of fantastic opportunities for students at DEC. We have embarked on a new and exciting partnership with the University of Birmingham. Our Triple Science students competed in the Big Physics Quiz, with our top team reaching 11th place in a field of 96 teams, including entries from selective and private schools. All of our teams showed immense commitment and resilience in the competition, as well as exemplifying the values of the school. We are also lucky to have welcomed more than 40 undergraduates from UoB who have given up their time to tutor our GCSE students as they prepared for their exams. This was a tremendous opportunity for our students and the feedback from the undergraduates is a credit to DEC.

In addition to support with GCSE Science concepts, our students gained an exclusive insight into the path to university study and the life and education of undergraduates. We look forward to opportunities next year and thank those undergraduates who have selflessly given their time to support our students. STEM club has also been a popular success throughout the year. By engaging with Science Faculty staff and volunteers from the University of Birmingham, students have been exposed to novel and exciting applications of Science (a popular favourite was the production of slime!). Next year, we intend to expand on the Science Faculty extra curricular provision. This will allow students to experience phenomena which are not normally found on the statutory curriculum, in addition to building a love of Science. We are also excited to announce the roll out of A Level Sciences at DEC. Beginning in 2018-19 we will offer A Level Chemistry and Physics. These courses will enable students to remain at DEC whilst studying Sciences at an advanced level, with aspirations of study at university. We intend on offering A Level Biology in 2019-20, providing our students with a full suite of post 16 Science qualifications.

Beyond our core Science curriculum, credit must be given to our GCSE Astronomy students. We intend on offering this course on a wider basis in future years for those with a particular interest in the cosmos. The current cohort has demonstrated incredible enthusiasm in studying a demanding course and there are many exciting opportunities for observations with this group as they move into Year 10.

Mr Feenan
Head of Science

MFL Updates

Bonjour, Guten Tag and Hola from your Modern Foreign Languages (MFL) team!

We have had some new staff join the Dame Elizabeth MFL team. Mrs Lopez, our new Head of Department and a teacher of Spanish, a new language for our school, and Mrs Gerrard who is a highly experienced teacher of French, are now working along Mrs Stait, our established teacher of German and French.

The new team will aim not only to improve academic results, but also to help pupils develop a love for languages. Learning languages can be great fun, and also help you with your other subjects. Languages are highly valued by employers and universities – and will also help you to make new friends and get more out of your holidays – what's not to like? I am sure you are enjoying the World Cup – as you watch make sure you look out for all those foreign languages on display!

Willkommen in
Köln

From 21st-24th March 2018 a group of 40 students from year 8 together with Miss Foster, Mrs Stait, Mr Johns and Mr Duncan went on a trip to the city of Cologne in Germany! After a long journey by coach and ferry we finally got there! Hallo Köln!

We stayed in a very comfy youth hotel right next to the river Rhine. On our first full day we went on a walking tour around Cologne city centre with its very impressive cathedral which dates back to 1248. Later in the day we visited the Cologne chocolate museum, which was very yummy, or lecker as the Germans would say! In the evening we went for some competitive and fun bowling.

The next day we left Cologne to see the medieval city of Koblenz where the rivers Rhine and Moselle meet. The evening was free, so we played basketball, table tennis and table football at the youth hotel and just chilled out. The next morning, we had to get up early to travel back to the UK! We were really looking forward to tell everybody about our trip abroad, new friends we made and we are also looking forward to the next trip! Where in Europe will it be? Let's see!

Mrs Stait
MFL

Safeguarding Curriculum

Since September we have been busy offering our pupils awareness, guidance and advice sessions on key learning areas as part of our commitment towards the “keeping children safe in education” agenda. Topics covered have included sexting, Prevent (radicalisation/extremism & terrorism), black history resources, bullying/cyber bullying and E-safety, comic relief week, gangs, youth violence and knife crime, mental health, CSE, eating disorders, drug misuse, teenage relationships, faith & cultures, British values, hate crime and forced marriage.

Some useful websites for parents to look at are:

www.nspcc.org.uk

www.saferinternet.org.uk/advice-centre/parents-and-carers
(E-safety tips for parents)

www.youngminds.org.uk
(Mental Health advice)

New member of the Safeguarding team

At the start of the second summer half term we welcomed Ms Morris to our safeguarding team. Ms Morris will be employed as a school social worker and we are looking forward and excited about the projects we have visions for in the future.

E-safety accreditation

Here at DECS we are looking to expand on some of the prestigious awards we currently hold. In addition to the B.I.G award for anti-bullying work and our Educate & Celebrate award for outstanding LGBT practice we hold, we are looking to submit a portfolio to gain the nationally recognised 360 award for outstanding E-safety practice.

SLE in safeguarding

Finally, our DSL (designated safeguarding lead) Mr C Walton here at DECS has now become an SLE (specialist leader in education) for Safeguarding. This means he will be supporting other schools and advising on areas for development within their safeguarding practice. Well done.

Mr Walton

Assistant Headteacher

Spotlight on Attendance Campaign

The outcome of the Spotlight Campaign – September 2017-March 2018

- 20 children were in the Action Group. 17 children successfully improved their overall attendance.
- 2 cases were heard at Birmingham Magistrates Court. 1 family received a £375 fine and the other family received a £275 fine.
- 1 family are pending prosecution.
- We currently have 10 children on the Fast-Track to Attendance Campaign.

Leave in term time

We work alongside the local authority and the following penalty notices/court fines have been issued:-

- 1 family received a £60 penalty notice and 1 family received a £875 court fine. A number of families are pending outcomes.

No holidays are to be taken in term time. Any requests for leave in term time needs to be put in writing and addressed to the Headteacher.

The attendance team regularly conduct home visits if your child is not in school for a short period of time, even if you have called the school with the reason to why they are absent. In some cases, Birmingham Children Services will be informed to safeguard all children.

Attendance

We would like to congratulate the many parents who make sure their children attend school regularly. Dame Elizabeth Cadbury School is working in partnership with parents and pupils to improve school attendance.

Attendance is a Journey to Success! How does your child compare?

Attendance during one school year	Equals this number of days absent	Which is approximately this many weeks absent	Which means this number of lessons missed
90%	19 days	4 weeks	100 lessons
80%	38 days	8 weeks	200 lessons
70%	57 days	11.5 weeks	290 lessons

Frequent absence can add up to a considerable amount of lost learning and can seriously disadvantage your child in adult life.

Again, we would like to thank those parents who make sure their child is attending school regularly and are therefore benefiting fully from their educational opportunity. It is a parent's legal responsibility to ensure their children receive appropriate education. Failing to send your child to school regularly without good reason is a criminal offence.

Please remember that parental illness, going shopping, visiting family, truancy, not wanting to go to school, alleged bullying (speak to school immediately to resolve the issue) are not acceptable reasons to be absent. All of these will be recorded as unauthorised absence, including if your child arrives at school after the close of registration.

Legal action that may be taken include:

- **Issuing penalty notices:** each parent receives a penalty notice for each child who has unauthorised absence. The penalty is £60 or £120 depending on how soon payment is made. So, if there are two parents and two children the total penalties could be up to £480. Failure to pay may result in prosecution.
- **Taking parents to court for unauthorised absence:** Education Act 1996 Section 444(1) – court can fine each parent up to £1000 per child, order payment of prosecution costs and/or impose a Parenting Order.
- **Taking parents to court for persistent unauthorised absence:** Education Act 1996 Section 444(1A) – court can fine each parent up to £2,500 per child, order payment of the prosecution costs impose a Parenting Order and/or sentence you to a period of imprisonment of up to 3 months.

Being taken to court could result in you having a criminal record.

Mrs Minogue
Attendance Officer

Durham House: Always Rising

As we near the end of the academic year, I will use this time to reflect upon the year Durham pupils have had and the accomplishments they have all achieved.

Attendance

Attendance is the key to the progress your child makes at Dame Elizabeth. Durham pupils have been consistent at maintaining over 95% attendance throughout the academic year. Congratulations to the forms who have maintained attendance over 95%, with massive congratulations to 7DM1 who have achieved 96.6% attendance for the year thus far. This is the sixth best percentage for a form in the whole school out of 27 form groups. This shows the dedication and commitment from the pupils towards their education.

Parents/carers, your continued support to get your child/children into school has been imperative to their progress and I ask for your continued support to ensure they are attending school every day.

The leading forms for attendance year to date:

7DM1 – 96.60 %

8DM1 – 96.47%

10DM2 – 95.9%

Outstanding/positive learning behaviours

Pupils have continued to build on their positives and outstanding learning behaviours which have resulted in solid improvements in progress. The pupils have developed a deep understanding of achievement and have shown this through raising their efforts within lessons. Pupils receive outstanding learning points which are turned into a monetary gift for all pupils to purchase items from our rewards shop. The points can be cashed in at various parts of the year. All Durham pupils currently have a total of 38349. With the top pupil achieving 336 Anjali Dutta, followed closely with 321 Demi-Lee Booth. The competition is on to see that one of these pupils will be crown the winner this summer term.

Top pupil from each year group receiving the most positives:

The below pupils are going above and beyond in lessons to achieve their full potential.

Every week there is a HOH award 'student of the week' which is delivered during our house assembly. The award goes to the pupil with most positives and 100% attendance. We have had many different winners, week upon week. 35 weeks in and we have had 26 different winners. This is a testament to the hard work pupils are putting in during lessons.

Name	Form	Positives
Luke Cody	7DM1	315
Demi-Lee Booth	8DM2	321
Kyle Favell	9DM2	245
Anjali Dutta	10DM1	336
Amy Hampton	11DM1	224

End of term plans & goals

Durham is looking to finish out 2018 successfully. We are aiming for an overall win in the summer whole school assembly. After coming joint first with York at Easter this has been the House's aim since returning for summer term. If we are successful it is a huge opportunity for pupils to be proud of all their hard work over this academic year. We have to keep working hard, dig deep, right up to our final days in school to achieve our goal. We pushed through the dark mornings and dark nights; we pushed through the sniffles and the sore throats to achieve our goals at Easter. Hard work is imperative to our success as a House; we have stuck to our plan all year of:

- 1) Arrive to school every day, on time
- 2) Follow staff instructions
- 3) Complete all homework

We have also stuck to our House mantra '**Always Rising**' as we have risen to the challenge from the other two Houses all year. Let the best House win in the summer celebrations and all pupils reflect on the year they have had and what will be different on their return in September ready for the next academic year. Have a great summer and a well-earned rest to all the Durham pupils and staff.

Mr W Robinson

Head of Durham House

Exeter House: Eyes on the Horizon

As we end the 2017/18 academic year it is always good to reflect on the success of the Exeter House both as a House and recognise some key individuals who have been outstanding in different areas across school so far this year.

Attendance

The backbone and underpinning factor to success academically; not surprisingly the high attending students in Exeter are those who gain the benefits in relation to outstanding end of year assessment grades.

Exeter's current year to date attendance stands at 94.3%. This is higher than the same point last year by over 0.3% and is a massive achievement working towards raising the bar to ensure our attendance can be classed as outstanding. Many pupils within Exeter have maintained their 100% attendance record for the academic year so far (21 pupils).

The students below had 100% attendance for the entire year. A massive congratulations from myself and for receiving substantial point rewards.

100% Attenders (2017-2018 Academic Year)

- Frankie Allen
- Divine Batunga
- Sean Bizabani
- Jaidi Booth
- Zabrina Collins
- David Fallag
- Peter Fallag
- Tallula Hill
- Kye John
- Oliver Matthews
- Jesse May
- Minjoon Park
- Daisy Pitt
- Nathan Shaw
- Kyla Stokes
- Evan Thomason
- Tyrique Wilkinson
- Nathan Williams
- Chloe Woods
- Laura Woods

Outstanding/Positive learning behaviours

Having such good attendance as a House has impacted pupils in Exeter positively as expected. Many pupils have continued to build on their progress by achieving a considerable amount of outstanding and positive lesson learning behaviours during this year. Below are the top pupils from each year group receiving the most positives in Exeter:

Name	Year	Total Outstanding/Positives
Minjoon Park	7	388
Joy Lee	8	329
Bethany Blake	9	276
Milan Quinn Millard	10	322

Exeter Form Group Competition

Within Exeter we run a half termly form competition which takes all of: attendance, positives and outstanding learning behaviours and gives a final placing in a league format. Congratulations to 7EX2 who finish the year with the highest attendance in the House and most outstanding learning behaviours which have contributed to their overall first place position.

Summary

Exeter has had a really positive academic year aiming to becoming the leading House at Dame Elizabeth Cadbury School alongside hitting our targets for attendance and progress this year.

Exeter pupils keep your **'Eyes on the Horizon'** and always remember positive people make positive change.

Mr R Hanson
Head of Exeter House

York House: Standing Tall

As we come to the end of our final term and approach the summer holidays, I would like to share with you some of the many successes achieved by our York students.

Throughout the term, York students have strived to succeed in many aspects of their education, whilst also ensuring they are the best version of themselves. As a House, we have set ourselves targets to raise our aspirations and shown commitment to achieving these targets through perseverance and diligence.

There are, of course, those students within the House who have “gone the extra mile”, taking every opportunity to secure success and raise their own attainment as detailed below:

Highest number of outstanding lessons and positive points:

Student	Form	Outstanding lessons / points
Ethan Haywood	7YK3	348
Matthew Taylor	8YK1	413
Sarthak Singh	9YK1	245
Makiaha Garvey	10YK1	310

Many congratulations to these students who have continually aspired to be outstanding ambassadors of Dame Elizabeth Cadbury School and York House.

Attendance

Based on the termly attendance data, York has achieved the highest attendance score across the three houses, with a large proportion of York students receiving 100%. Outstanding attendance is paramount to students achieving and surpassing their target grades. As research proves, students must achieve 97% attendance or above to make expected progress in their subjects.

Thank you to all parents and carers who work with us to help give your child/children the best chance of success.

Well done to 7YK1 who achieved the highest attendance this term with 97.62%.

Rewards

I am extremely proud to share with you that more York students have been awarded a DEC Award of Excellence this term, spot these students by the yellow (2000 points), bronze (4000 points) and silver (8000 points) stars on their lapel. We have also now issued the ‘Gold’ Awards of Excellence (11000 points) to Dhinasa Willaddara and Kathryn Brown from 10YK2. I am certain that many more York students will achieve this level of excellence during the next academic year, with some students receiving the coveted ‘Platinum’ award (15000 points).

Well done to all York students for their ongoing diligence throughout the year; let’s ensure this standard is maintained to the very end, House trophies are within our reach! Thank you also to Parents and Carers for your ongoing support, it makes all the difference in helping us to grow your children into successful young people.

York Giants **‘Standing Tall’** is our mantra and you have maintained this throughout the year, leading the other Houses by example. As we come to a close for this academic year, let us continue to ‘stand tall’ together and build on the foundations you have set, looking forward and planning ahead to further successes in September. What were our new ‘additions’ at the start of the year (Year 7) are now fully embedded into the York House and have become a real credit to the York family, with a special mention to 7YK1 for not only having the best attendance but in addition the most positives of the term.

Miss Greene

Head of York House

Anti-Bullying Team

Anti-Bullying update

We are currently in the process of recruiting new Anti-Bullying Ambassadors for September.

If you are in Years 7 and 8 keep your eye out in assemblies and form on how to apply.

This is an exciting opportunity to be part of an ever growing team to help keep our school safe and happy.

Our current anti bullying ambassadors are also going on an anti-bullying training course in September to bring lots of exciting ideas and opportunities to our team.

Remember if you have any concerns with bullying please use the different ways of reporting:

1. Email Miss Faulkner: c.faulkner@decschool.co.uk
2. Fill in an ABA form and place it in the red letter box
3. Speak to an ABA
4. Complete a form on the advice page on the website
