

From **AMAZING** aardvarks, on elephant **POOL PARTY** and **fantastic** fossal

Don't miss out on **red pandas**, **giraffes**, **butterflies**, **tigers**, **fish** and **MORE!**

## Take a tour of Chester Zoo

### What is it?

If you can't go to the zoo, why not visit the zoo from your home? Chester zoo have virtual zoo days for you to see all the animals from your sofa; they are packed full of fantastic facts and a great way to learn about all the amazing animals out there in the world.

### How to access it:

[www.chesterzoo.org/virtual-zoo-2](http://www.chesterzoo.org/virtual-zoo-2)

### Pause for thought....

1. Which animals were your favourite?
2. What are the threats endangering the preservation of such amazing animals?
3. What could you do to ensure their survival?

## Dyson's Engineering Challenges

### What is it?

Are you ready for a challenge?

Can you skewer a balloon without popping it? Coat a nail in copper? What happens when you plug a clock into a potato? These challenges have been designed to encourage inquisitive young minds to get excited about engineering.

## Photography

### What is it?

Many photographer's say that the most interesting, from a photographic standpoint, involved learning to see. Simple camera use can be easily learned. It's basic math when you boil it down. But learning to see creatively, learning to compose a shot, takes much more than learning buttons, dials, and controls. These self assignments force you to look around you, to really see what you're shooting and try to make interesting images.
